

## 2014 Share the Legacy Membership Referral Program

Effective February 1, 2014, to July 31, 2014

Garden of the Gods Club and Resort would like to announce the *2014 Share the Legacy Membership Referral Program* which allows current Members to earn credits on their Club accounts by inviting other qualified individuals to become Members between February 1, 2014, and July 31, 2014. Both the current Member and the new Member referred will receive either a one-time credit or monthly credits to their GGCR accounts based upon the membership category under which the new Member has joined. In addition, membership candidates will have the opportunity to join the Club at a discount of 50% off the current initiation fee if paid in full after their membership is approved.

The referring Member will receive the Club account credit(s) after the new Member has been approved for membership and has paid the full initiation fee. For the monthly credit program, credits will be awarded for up to 12 months provided that the new Member remains an active Member of the Club.

In order for a new Member to be eligible for Club account credit(s), he/she must be referred by an existing Member and must be approved for membership by the GGCR Membership Committee.
